AUTHOR

Eberhard Wolff has 15 + years of experience as an architect and consultant – often at the intersection of business and technology. He is a Fellow at innoQ in Germany. He has given talks at international conferences and written more than 100 articles and books e.g. about Microservices and Continuous Delivery. His technological focus is on modern architectures – involving Cloud, Continuous Delivery, DevOps, Microservices or NoSQL.

This Primer gives a short overview of Microservices.
It is a great ressource to get started with Microservices.

Eberhard Wolff

CONTENT

In the last chapter the primer gives hints on how to start with Microservices.

Microservices Primer

A Short Overview
